

DELICATE GARMENTS LTD

We make your fashion true.....

WELCOMETO THE DELICATE WHE
RE, WE MAKE YOUR FASHION TRUE

About us

Delicate garments limited established in 2006. It has elevated itself as one of the prominent and promising woven shirts manufacturers for the EU and US clothing market and has also branched out in further product lines such as denims, trousers etc.

MESSAGE FROM MANAGING DIRECTOR

Every creative work has its small beginning. We also started toddling in the business arena with the trading of RMG with only 2 line's factories in a borrowed building in year 2006. And now, in 2022, we have shifted our well-equipped factory in our own building at Hemayetpur area, savar, just very near from capital Dhaka.

We believe in honesty, integrity, hardworking attitude, faith and mutual co-operation. We produce, we earn, we help those who want to produce. We make skills, learning and job opportunity to those who are ready and willing to produce and improve themselves and to those who wants to contribute in one way or another specially in their development, particularly in the development of our company and in general in development of our country.

Delicate, is committed to provide a world class quality garment while attaining the excellence in production and marketing with state of the art workmanship, competitive price and quick turnaround. We look forward to the coming days with determination to remain faithful to our customers/clients. May Allah guide us and help us in every step of our profession.

Delowar' Hossain
Managing Director,
Delicate Group

How we work...

Merchandising team consists of experienced merchandisers whose utmost priority is successful order execution of the customers. The dedicated team is segmented accordingly for each customer so all of them get the appropriate feedback and information required in the fast-paced process of order. They communicate with customers on a day to day basis and perform constant follow up activities on orders on behalf of customers.

How we work...

Quality control team specializes on prevention and control in order to produce the most refined products for our customers. Their responsibilities include pre-production meeting, abiding to guidelines from customers, setting up quality standards at factories and monitoring them. SAN designates individuals' quality controllers per factory in order to monitor and execute orders as per customer's requirements. Furthermore, they also perform in-house testing in order to ensure customer on requested quality standards.

products

Delicate Garments Limited has specialized teams dedicated to the responsibilities of design, merchandising, compliance and quality control. The research and design team concentrates on product development that is in tune with contemporary fashion trends. Their responsibilities lie in creating seasonal collections based on extensive trend research surrounding new accessories, trims, fabrics, finishes, washes etc and translating the customer's needs into innovative designs and samples. The R&D team also prepares periodic collections for the in-house brand, that is procured from current international trends in order to give a fair idea to the customer on different options and possibilities per market segment.

Sewing Section in Details

Sl. No. Sewing Factors

Delicate Possesses

01 Sewing Quality

Delicate Garments Ltd. has a Quality Assurance Department for assuring the overall quality. The Central Quality Department consists of 6 well experienced, educated Quality Controllers. The Team is maintained and directed by a Quality Assurance Manager who possesses sound knowledge regarding the world standard quality or the quality that Buyers expect. He is directly responsible to the Managing Director. The Quality Department is not at all involved in any production matter. They are always engaged in assuring the quality of production.

02 Daily Finishing Capacity

The Daily Finishing and Packing capacity of Triple Seven Apparels Ltd. are 20% above of daily production. This is to avoid any back lot in the Finishing Section.

03 Folding System

Flat Pack to Standard Packing and Fancy Stand for required Folding.

04 Finishing Quality System

Garments are always checked 100% from inside after thread cutting 100% from outside after ironing. Important components are measured for acceptable tolerance. Before Poly bagging total quantity is checked for Get Up.

05 Pre-Final Audit

Before sending for cartooning, Finishing quality Controller conducts audit and if he passes only then it is allowed for packing, otherwise all these garments are declared for re-check. When Garments are packed in use carton, Quality Assurance Manager conducts Pre-Final inspection before offering for final inspection to the Buyer.
